

## **Agreement Validity & Partner Responsibilities**

**Please review this agreement carefully.** This is a long-term contract that remains valid only if you, as the Prime Business Partner, fulfill all required payments and maintain an active account status. Signing this agreement does not guarantee its continuous validity; it is contingent on your adherence to timely payments and account compliance.

As your platform provider, we empower you with valuable business strategies, tools, and a robust platform to support your growth. While we provide guidance and assign tasks aimed at enhancing your operations, it is essential to understand that managing and running your business is your sole responsibility. Our employees do not directly manage your operations; instead, we provide the tools and opportunities for you to succeed.

Your growth depends on your efforts, commitment, and cooperation with our guidance. While we provide a foundation for your business, it is your action, initiative, and dedication that will drive success.

## Understanding Billing & Helpful Tips for Success

### Ensuring Smooth Operations as Your Business Takes Off

#### 1. Timely Deliveries:

- Aim to complete deliveries promptly once a booking is taken by your rider. Efficient deliveries help maintain optimal server usage, keeping costs manageable and ensuring uninterrupted service.

#### 2. Managing Rider Count:

- For smooth operations, please note that adding more than 10 riders may incur an additional fee per extra rider. This fee reflects third-party service costs and helps us maintain quality service as your team grows.

#### 3. Tier Upgrades for Growing Business:

- As your business grows, your subscription tier will automatically upgrade based on the number of bookings, including completed and canceled ones. For example, reaching 50 bookings in 3 days will trigger an upgrade, and your next bill will reflect the updated pricing. For a full overview of how pricing is calculated, please refer to page 18.

#### 4. Annual Billing Adjustments:

- To continue offering excellent service, we may adjust billing annually by up to 20% or more, considering factors like inflation. Any changes will be communicated on our official platform in advance, ensuring transparency and preparation time.

#### 5. Late Payment Fee Clause:

If payment exceeds the due date, a late fee of ₹65 per day will be added to the outstanding balance. This fee may change at the company's discretion and can be applied either as a fixed daily charge or a percentage of the total due.

Any benefits, such as additional service days or offers for payments made on the due date, are subject to the company's discretion. These benefits may change or be withdrawn at any time without prior notice.
